Subject: RE: AEM Call - Once In Always In Update?

We were not involved in the drafting and it's unclear what the enforcement impacts will be, though we expect there to be some. We have asked the regions to put together a list of their cases that they think will be impacted by the Once in Always in policy change. I am copying Sabrina because she leads the monthly National Air Enforcement Calls and this was discussed on that call last week. I will not be in the office on Thursday so I cannot participate in the AEM call.

Subject: AEM Call - Once In Always In Update?

Hi Apple and Greg –

We've had a couple of requests for discussion on the Once In Always In memo that was issued last week. Will anyone from Headquarters be on the Thursday call that can provide any updates, impacts, etc.?

Thanks, Gwen
